

Cress Heads

Place in the sun and watch them grow

Here's what you'll need!

Empty eggshells
Cress seeds
Cotton wool
Pens
Googly eyes (optional)

Instructions:

1. Draw faces on the eggshells (you can add googly eyes if you have them).
2. Fill the eggshells with cotton wool.
3. Spray the cotton wool with water so that it is nice and damp.
4. Sprinkle lots of cress seeds on top of the cotton wool.
5. Spray more water on the seeds.
6. Water every day and the cress will grow!

Top Tips!

Make sure to place your cress heads on a sunny windowsill and water them every day!
